

**M50 Plus**

This dry use vacuum picks up where the others left off. Manufactured to our exact specifications, it sets a new standard of quality, durability and value. Ideal for use in any commercial and industrial application.

**M60 Plus**

When you compare features, reliability and value this vacuum is the one which all other professional wet/dry vacuums will measure themselves. Non-tipping tank with five casters will provide years of dependable service.

**M80 Plus**

The new small giant our Canadian marketplace has been waiting for. It's robust, compact design may well be the most dependable value in the market today. Ideal for use in areas where floor space is limited yet big enough to handle any dry vacuum application.
